

What Are Community Engagement Resources?

This list of resources has been curated to connect the Seattle University campus community with educational resources to learn more about our diverse communities. The following resource guide offers a variety of engagement opportunities for exploration. Aligned with the operating principles of *LIFTSU*, the Office of Diversity and Inclusion will update this resource sheet periodically to offer ongoing information for learning and engagement.

If you have any suggestions or additions you would like to have considered for future versions of this resource sheet, please submit a response to the [Community Engagement Resource Form](#).

ODI & Seattle University Resources
